# IS SPACE FOR EVERYONE? ETHICS FROM EARTH TO SPACE AND BACK

This session, from the 2023 AAAS Annual Meeting, increased understanding about creating an ethical future as humanity spreads out into space, while recognizing that planning for that future affects the present, too.

**Date published:** March 4, 2023

**Resource Type:** Video, Physics & Cosmos, Social Sciences, Environmental Science, Technology & AI, Public Engagement, Ethics, Spirituality & Faith
